

DHARANA STAR

A new start-up company based local in La Jolla, CA seeks top talent. Dharana Star will become the largest online meditation studio offering live video and audio meditation services. We will be breaking the traditional brick and mortar studio model by offering a cloud-based service whereby consumers who seek daily, weekly or monthly meditation can do it in the comfort and privacy of their own environment.

We seek young talent, who will be paid, to help build our service offering. The fundamentals include: website design, payment systems, live eLearning environment for guided meditations online, light video production, SEO, and hosting services. We will collaborate on what we desire on the front end and back end elements of our offering in detail when we meet you. We are flexible in a good pay for service arrangement with you in our meeting.
