

Contract Job Opportunity for SDSU Student Software Engineer

**We are a local small business in need of a software engineer
who can help us develop custom business process
automation software.**

\$\$\$\$

**Compensation for your software product development
available.**

\$\$\$\$

**We anticipate periodic future modifications as business
processes evolve and change. This will lead to future
recurrent contracts for the developer.**

**Please contact Psychologist and CEO, Dr. Saurabh Gupta at
the information contained within the letterhead to arrange
an interview. Please have references from SDSU faculty
before starting project.**
