We are looking for college student interns that are interested in learning more about working for or starting a technology company. You will need to have a basic level of at least one of these skills and the desire to learn more: mobile app development (iOS and Android), website development, graphic design, analytics, SEO, SEM, Social Media (facebook, twitter, instagram). You will need to have your own iPhone or Android phone as well as a MacBook or Laptop to bring with you to our downtown office.

About The Company - GoShare is a platform that connects drivers who have a pickup truck, van, or SUV with people nearby who need help with moving, hauling, and delivering cargo on demand. We recently began beta testing in San Diego and NJ. We believe in a work hard, play hard mentality. Currently incubating at EvoNexus, Southern California's premier startup accelerator. Our office includes a pool table, ping pong table, unlimited coffee and a kegerator. If you are interested in learning more checkout www.goshare.co and email a copy of your resume to shaun@goshare.co.
