Part-Time Test and Evaluation Engineer Positions Available

PART-TIME TEST AND EVALUATION ENGINEER
Tapestry Solutions is a leading provider of custom software solutions for military and commercial customers, operating as a wholly owned subsidiary of the Boeing Company. This is a fantastic part-time employment opportunity for students interested in acquiring valuable industry experience while working towards their degree. We are seeking smart, personable, problem solvers capable of working under minimal supervision. A successful tester is a passionate worker with a self-motivated and self-directed attitude, who is inquisitive and strives to further educate themselves in company processes.

As a member of our team, you will work closely with other student testers as well as software engineers to ensure product quality and timely discovery of potential defects in design, installation, usability, and functionality. Act fast, as positions are limited!

WORK HOURS:
Flexible work schedules, with a minimum of 15 hours per week, of which 7 hours must be during regular business hours. You create, manage, and keep your own schedule! During school breaks, all students have the option to work full time. A one year commitment is preferred.

WHILE WORKING AS A TESTER, YOU CAN EXPECT TO:
• Test software from an end-user perspective
• Design your own and edit existing tests
• Identify, report, and monitor software issues
• Write software documentation
• Engage in frequent communication and collaborate with fellow testers and software developers

QUALIFICATIONS:
• Excellent written and verbal communication skills
• Experience and confidence working with computers
• Ability to carefully follow detailed instructions
• Excellent trouble-shooting and problem-solving skills

HOURLY RATE:
Competitive, based on your capabilities.

HOW TO APPLY:
