Java Developer Intern

Encore Capital Group is currently seeking a Java Developer Intern at our Headquarters in San Diego, CA.

Reporting to the Director, the Intern will work closely with the IT Infrastructure team helping facilitate disaster recover drills. The Intern will also create documentation, after action reports and follow up on recommended changes.

We have purchased an application called Breeze (formerly called Engagement Development Platform.) We will use this to innovate our call dialing capabilities. We are looking for a skilled Java developer to run through some use cases on how we can innovate here at Encore. Our office is 10 minutes from campus, so the part time work can be between a student’s classes. Workload is approximately 25 hours per week.

Experience and Skills:

- Microsoft Office experience; Word, PowerPoint and Excel
- Detail oriented
- Strong communication skills, verbal and written
- Comfortable meeting with various areas of the business and or stakeholders
- Good problem solving skills
- Java development skills preferred but not a must, would be crafting unique workflows for our business supporting an internal system
- MIS, CS or Engineering degree

To apply, please submit your resume to our online career site at https://www.encore-jobs.com/job/san-diego/java-developer-intern/420/1798995

About the company:

Encore Capital Group is a leading provider of debt management and recovery solutions for consumers and property owners across a broad range of assets. Through its subsidiaries, the company purchases portfolios of consumer receivables from major banks, credit unions, and utility providers, and partners with individuals as they repay their obligations and work toward financial recovery. Through its Propel Financial Services subsidiary, the company assists property owners who are delinquent on their property taxes by structuring affordable monthly payment plans. Encore’s success and future growth are driven by its sophisticated and widespread use of analytics, its broad investments in data and behavioral science, and the significant cost advantages provided by its highly-efficient operating model and proven investment strategy, and the company’s demonstrated commitment to conducting business ethically and in ways that support its consumers’ financial recovery.
Headquartered in San Diego, Encore is a publicly traded NASDAQ Global Select company (ticker symbol: ECPG) and a component stock of the Russell 2000, the S&P SmallCap 600, and the Wilshire 4500. More information about the company can be found at [www.encorecapital.com](http://www.encorecapital.com).
